COTTON MARKET.

COTTON MARKET.

Quotations furnished by W. B. Hibbs & Co., members of the New York Stock Exchange, Hibbs
Building.

New York, May 6.—The market was dull and heavy during the later afternoon, prices slumping to heavy during the later afternoon and the late fears of the trade that King Edward's critical sickness may result in his death and upset the markets
abroad for a time. The bulls, however, continued
their support on the market.

## The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock markets. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "git-edge" investments. They do not depend-upon the financial responsibility of indi-viduals or corporations for west stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$500 upward. Send for booklet. "Concerning Leans and Investments."
